

When the Earth Shakes...

Disaster Relief

A Christian man sits in the wreckage of a church destroyed by an earthquake in Indonesia. When disaster strikes, Barnabas Aid works with local partners to provide emergency relief for Christians in countries where they face persecution, discrimination or disadvantage because of their faith. In the long-term, we help Christian families rebuild their lives and livelihoods. Barnabas Aid seeks to meet both practical and spiritual needs, channeling money

*from Christians
through Christians
to Christians.*
